EDUCATION

Alard College of Engineering – Pune, MH, India

B.E. in Computer Engineering | Aug 2022 – Jul 2026 (Expected)

EXPERIENCE

Smart India Hackathon 2024 (SIH-2024) – Frontend Developer | Aug 2024 – Sept 2024

- Spearheaded frontend development for a team project focused on a groundwater chatbot.
- Designed and built a modern, responsive, and intuitive chat interface to enhance user accessibility.
- Implemented features such as automatic scrolling, a clean UI, and seamless interactions, emulating a realistic chatbot experience.

IT Support (Freelance) | Ongoing

- Diagnosed and resolved a wide range of laptop issues, specializing in operating system malfunctions to restore full system functionality.
- Enhanced system stability for multiple clients by diagnosing and resolving critical boot errors and software conflicts, resulting in a significant reduction in system crashes.

PROJECTS

Groundwater Chatbot (Hackathon Project) | August 2024

- Created the frontend interface for an **AI** chatbot focused on groundwater resources.
- Connected the chatbot's UI with the backend (Jupyter Notebook) to provide real-time responses.
- Utilized HTML, CSS, and JavaScript to guarantee a seamless user experience.

Personal Portfolio Website | July 2024

- Designed and launched a personal website to highlight projects and skills.
- Emphasized responsive design, clean layouts, and accessibility.

ACTIVITIES

Planned and managed personal learning schedule to achieve the milestones.

Completed Google Cybersecurity Professional Certificate covering networks, risk management, Linux & SQL, and security operations.

SKILLS

Cybersecurity: Threat detection, Risk management, Networking, Security operations

Programming & Web: HTML, CSS, JavaScript, React.js, C++, SQL

Core CS: Basic Data Structures & Algorithms (DSA), DBMS fundamentals

Tools: VS Code, GitHub, Eclipse, Dev C++, Linux (Arch + i3WM), Troubleshooting tools

Other Interests: UI/UX Design, Hands-on Technical Problem-Solving, Linux Customization, AI & Automation.

HOBBIES

- Researching tech topics for fun.
- Watching mind-boggling movies.
- Exploring Linux desktop customization.
